

SPEECH PATHOLOGY & OCCUPATIONAL THERAPY

ARTS AND CRAFTS

SOCIAL SKILLS GROUP

Our Art and Crafts social group provides a relaxed space where children can play, unleash their creativity and stay focused working on mindful activities. We will be using the shared interest of arts and crafts in order to facilitate your child's speech and language, fine motor and social skills. Children will be encouraged and supported to engage with their peers, share experiences and collaborate together.

YOUR CHILD WILL BE SUPPORTED TO DEVELOP THE FOLLOWING SKILLS:

- Following instructions
- Using a range of language and vocabulary
- Problem-solving, teamwork and negotiation skills
- Conversational skills (asking and answering questions and commenting)
- Learning a range of ways to relate with others
- Sharing, turn-taking skills and joint attention skills
- Fine motor skills
- Executive functioning skills (planning and sequencing tasks)
- Motor planning skills
- Emotional regulation
